September 2017 - August 2022

### DUT computer science | IUT de Vélizy Université de Versailles-St-Quentin-en-Yvelines

Technical University Diploma – Computer Science

2 years training with a 3-month internship

## Personnal

I spend much of my time to read about new technologies. I like to expend my knowledge on technologies by trying to build something with it. For instance, I have a server (formerly old pc) which I use for my experiments. It can be network, development or devops related.
